

Vincent Ogbunude

MD, Payment Tokens (Verve)

Vincent is a pioneer staff of Interswitch. He joined the company as a Solutions Engineer and through diligence and dedication rose to become a member of the Senior Management Committee in diverse capacities including Team Lead, Systems & Applications Integration and Support Divisional Head, Systems Integration, Chief Technology Officer (CTO), and Group Head, Business Incubation; a role he took up in April 2018.

With over 16 years of industry experience, Vincent was the Chief Executive Officer of National Payment Switch of The Gambia (Gamswitch) in which Interswitch has vested interest, before returning to become the Group Head of Product Management at Interswitch. Vincent is currently the Managing Director of Payment Tokens (Verve).

He is a graduate of Computer Science from the University of Nigeria, Nsukka.
